Dear Sirs,

Re: Incident at the Company's basement carpark on 13.3.2020

I write this letter to record my recollection of the events that transpired between my colleagues, Mr. Edward Nathan and Ms. Ashley Patel, at the Company's basement carpark on 13.3.2020.

On 13.3.2020, I was seated in my car together with my driver. While waiting for the engine to warm up, I saw Mr. Nathan and Ms. Patel walking toward Mr. Nathan's gold Bugatti Chiron.

I noticed that they were talking as they were approaching Mr. Nathan's car. I then saw Ms. Patel and Mr. Nathan hug. I subsequently saw Ms. Patel moving her face closer to Mr. Nathan's face. He then very quickly proceeded to enter his car and sped off in his gold Bugatti Chiron.

The following day, I noticed Mr. Nathan behaving very tensed and uneasy. I then approached him to ask him if he was feeling alright. Mr. Nathan is usually very affable and he is full of life and known as the office athlete so I was quite concerned that he was feeling down. However, Mr. Nathan told me that he was going through some personal matters and did not want to talk about it.

I sincerely hope that the above is of assistance.

Sincerely,

Priscilla Pillai
